

4717

a large and striking hand-formed hot cast glass and copper leaf bowl; signed 'Bucquet 2000'

dated 2000

the impressively large and heavy hot cast glass bowl with copper metal leaf adornment; excellent condition with no chips or cracks; George Bucquet and his small team of artisans use a process of pouring hot glass, thick and translucent, into hand-made molds; after up to eight days of cooling, each piece is hand painted using a metallic palette of gold, silver, and copper leaf. Bucquet has established a national reputation for his unique and striking cast glass bowls.
