

7502

Pair of French Empire Style Brass and Metal Campagna Urns

circa 1900

a decorative pair of French urns consisting of a beeded and reeded edge at the rim above a flared urn flanked by openwork handles surrounding a lappet perimeter ring over a gadrooned body and flared base; all resting on a rectilinear plinth adorned with applied classical wreaths and lyre motifs; good antique condition; overall even wear; one with darker brass patina
