An Intricately Inlaid Syrian Square Game Table with Pivoting Handkerchief Top

circa 1900

an impressively designed game table featuring a pivoting handkerchief top opening to reveal an intricately inlaid surface centering a removable center panel with game board and hand-tooled green leather surface on the flip side; resting on a body with openwork arabesque spandrels ending in splayed supports all joined by a lower shelf; the whole intricately inlaid with geometric designs and motifs; professionally restored with replacements to inlay; refinished
